Rainer Mercantile Co.,
Marion Institute, Marion, Alabama.

Marion Institute, Marion, Alabama.
Aims.
To develop symmetrically the moral, mental and physical nature of each student with more regard for character and culture than for mere scholarship. To prepare for business, the study of law, medicine, the ministry and engineering; to train young men for Annapolis and West Point and for study at the great universities.
Methods.
(1) LIFE: All the professors and their families live in the Institute, and personal attention is given to the manners, morals, health, and social culture of students. The number of students is limited to those who can be accommodated in the Institute. Comes with the professors and their families.
(2) INSTRUCTION: Nine (9) professors and instructors from the leading American universities. The Eton Tutorial System in addition to the regular classroom instruction; each professor gives private, individual instruction in his own subject. The Institute is open from seven to nine o'clock.
Results.
The nature and quality of the work already done by the Marion Institute may well be judged by the record of Marion boys at the University of Virginia. The Registrar of the University, M. Howard Winston, makes the following official statement:
"The record of the University of Virginia for the decade ending June, 1900, shows that during that period the University of Virginia has awarded as many academic degrees to the graduates of Marion Institute as it has to those of any college in the country."
Courses.
College courses leading to the degrees Bachelor of Arts and Bachelor of Science.
University Preparatory Courses: Coaching classes to prepare for the United States Military Academy at West Point and for the United States Naval Academy at Annapolis.
Full Business College Courses with high academic training in the elements of a liberal education.
Special Courses to prepare for the study of Law, Medicine, Pharmacy, Dentistry, Engineering, Journalism, the Ministry. These are one-year and two-year courses adapted to the needs of each special student.
For detailed information of courses, condition of admission, and expenses, address

CRIMES
Three boys, all sons of John H. Straight, were killed and a fourth boy, a brother of the others, was seriously injured near East Greenwich, R. I., when a New York-bound freight train on the New York, New Haven and Hartford railroad, traveling at the rate of 60 miles an hour, struck a group of boys who were playing on the tracks. The boys' ages ranged from 6 to 15 years. It is said the engine prevented the engineer from seeing the group in time to avert the accident.
The plant of the Southern Veneer Manufacturing company, at 223 and Standard avenue, Louisville, Ky., has been destroyed by fire, entailing a loss of \$65,000. The loss is partly covered by insurance.

Owen To Run Hotel At Elba.
Troy Messenger.
Mr. and Mrs. Gus W. Owens and little daughter leave tomorrow morning for Elba, where they have purchased Hotel Elba from Mr. and Mrs. John Starke and will conduct it in future.
Mr. Owens states that he will make several changes in the hotel arrangements and that he expects to work hard to make it one of the best hotels in South Alabama. Troy regrets to lose this estimable family, but their many friends wish them much success in Elba.

SAD TRAGEDY AT TALLULAH FALLS
New Orleans Girl Is Lost In Treacherous Rapids.
Unfortunate Victim Was Miss Marjorie Miller, Daughter of Prof. Walter Miller, Dean of the Academic Department of Tulane University.

Miss Marjorie Miller, a beautiful 18-year-old girl from New Orleans, Ga., was drowned at Tallulah Falls, Ga., Monday afternoon.
She was with some others who were stopping at Chas. Brink hotel, who were in bathing in Tallulah river at the mouth of Bad branch, where so many fatalities have occurred, and was carried out beyond her depth by the current, which is very swift and treacherous at this point.
Her companions strove heroically to save her but failed.
Miss Miller belongs to a prominent New Orleans family, and with her mother and sister had been summering at Tallulah, while her father was spending the summer in Europe on a lecturing tour.
Her mother is prostrated, and Miss Miller's death has cast a gloom over the family.

HIGH COST OF LIVING.
Over \$1,000,000 Extra Spent in Caring for New York's Poor.
The high cost of living is blamed by the New York City department of charities for an increase of more than a million dollars, or nearly 50 per cent, in the estimated cost of caring for the city's poor during the year of 1911. The estimate for the 1911 budget is \$1,440,103 over the allowance for this year, and shows a total of estimated expense for 1911 of \$3,922,715.17.
The department cares daily for more than ten thousand sick or otherwise dependent persons, equivalent to 3,500,000 persons per year. The expense, therefore, is about a dollar per person.

CRIMES
Mr. John King committed suicide and killed himself at Elba, Ala., yesterday. He was shot through the heart with a 38 caliber pistol at the residence of his cousin, Mr. R. H. King, who was visiting. Mr. King was a resident of Port Valley and was in bad health and brooding over his condition he took his life. It is said.
A big water spout developed into a sand spout upon striking the beach and swept down Sullivan's lane, near Charleston, S. C., frightening hundreds of women and children, but doing no greater damage than to wreck a few boats and rain sand upon cottages. Before its collapse it covered a distance of about a mile on the beach.

GENERAL
Comments on 100 NEWS years of navigation on the Ohio river, the Ohio Valley exposition was opened in Cincinnati on Monday under auspicious conditions. The exposition is meant to exhibit the industrial resources of the Ohio valley and of the south and middle west. President Taft pressed the button in the summer capital at Beverly, Mass., which was in motion the machinery of the exposition. Following the formal opening Gov. Judson Harmon, of Ohio, and Gov. Augustus E. Wilson, of Kentucky, made brief speeches. The exposition will last until September 24.

Camp Meeting Ends.
The first session of Pen River Camp Meeting ended Sunday night. In many respects the meeting was a great success.
Among the ministers who aided Pastor Urquhart were Rev. C. A. Williams, of Midway; Revs. B. C. Glenn and J. F. Dailey, of Enterprise; and Rev. Mr. Talley, of Ozark. The preaching was strong and edifying, the attendance good, and the behavior well high perfect.

Dr. Polson of Victoria was here on business Friday.

Prof. J. L. Pauswell of Dale county is conducting a flourishing writing school here.

Mr. Jesse Ellis was seriously injured while putting in a pump for Mr. H. E. Brock, last week. His skull was crushed by a wind-lane and he was carried down to Enterprise by Dr. Massey for treatment. Last report stated he was recovering.

Mrs. Robert King and little son are visiting Mrs. H. E. Brock this week.

Misses Ada, Mattie, Lucie and Murilla Polson, stopped over here Thursday on their way to the Elba camp meeting.

The New Brockton Graded School will open on Sept. 26. The following teachers have been elected: Principals, B. F. W. Avar, 1st assistant, Miss M. M. Rivenbark, 2nd assistant, Miss Minnie Harris.

Prof. J. E. Marley who has been principal for two years has gone into the mercantile business here.

Mr. Farmer when are you going to haul in that corn? The writer was once a corn hauler and it was our experience that corn could be hauled in early enough to destroy the weevils. The eggs are in the corn while it is in the field, and the corn can be gathered while it is still green enough to go through a husk and kill the weevils without hurting the corn. Don't wait too long to gain a march on the weevils.

Henry Flowers et al. In Chancery at Elba Ala.
Eleventh District, South-Eastern Chancery Division of Alabama.

In this cause it is made to appear to the Register by the affidavit of Kyle B. Prie, solicitor for the complainant, that John Flowers is a non resident of the State of Alabama, and in the belief of said defendant John Flowers is over the age of twenty-one years.

It is therefore ordered by the Register that publication be made in The Elba Clipper a newspaper published at Elba, Alabama, once a week for four consecutive weeks, requiring him, the said John Flowers, to plead, answer or demur to the bill of complaint in this cause by the 20th day of September, 1910, or in thirty days thereafter a decree pro confesso will be taken against him in said cause.

Done at office in Elba, Ala., on this 16th day of August, 1910.

John Franklin Marsh.
We, your committee to whom was assigned the sacred duty of drafting suitable resolutions in memory of our beloved brother, J. F. Marsh, submit the following:

Whereas an all-wise Creator who doth all things well, did on the 31st day of July, 1910, remove from our midst by death, our brother, J. F. Marsh, a member of Damascus Camp, No. 534, W. O. W.

Whereas we find that our departed brother was thoroughly devoted to the cause of Woodcraft, an exemplary, high toned Woodman, ever ready to lend a helping hand to the cause, since he united himself to Damascus Camp in 1909.

Resolved: That in the death of our brother this camp has sustained an irreparable loss, the cause of Woodcraft a tried friend and the home of Sister Marsh robbed of a precious jewel, and that to the entire family we offer our condolence.

Resolved: That in bowing to humble submission to the will of him who is too wise to err and too good to be unkind, we would say to all mourning friends, weep not as those who have no hope, "Blessed are those who die in the Lord."

THINK OF Mexican Mustang Liniment AND WHAT IT MEANS TO YOU.

Relief from pain that might otherwise cause you hours of agony.
Tired out muscles eased up and made ready for another day's work.
Lameness in the back and shoulders promptly cured and stiff joints limbered up.
Burns, Scalds, Cuts and Mashes rendered painless and quickly healed.
Rheumatism, Lumbago and Sciatica robbed of their anguish and banished forever.
Ulcers, Old Sores and Open Wounds healed promptly and permanently.

The first application of Mexican Mustang Liniment subdues the pain but it continues its work until every quivering nerve is soothed and quieted.
The great penetrating power of this famous remedy enables it to do this quickly and positively.
In all cases of Sprains, Bruises or Lameness, Mexican Mustang Liniment should be rubbed in persistently.
The antiseptic qualities of this old reliable household remedy make it safe and sure.

Alabama Agriculture and Industrial Exposition.

The United States Department of Agriculture will have a complete exhibit at the Montgomery Exposition, October 19-26. Dr. Clarence J. Owens, chief of the Department of Agriculture and Immigration of the Southern Commercial Congress, interviewed the Agricultural authorities in Washington a few days ago and secured their co-operation and support. The fight against the boll weevil and how to wage the war will be particularly stressed.

Another feature of the Exposition this year, an old one, but this year brought up to the most excellent conditions, will be the Horse Races. There are seventy thoroughbreds now in training at the Exposition track, among them being the fastest horses in the South.

The Women's Department at the Exposition is to be very attractive this year. Montgomery merchants have offered an aggregate of seventy five handsome prizes all of them well worth competing for and for things women make alone. Already many things to be exhibited have been made but the women in the vicinity are hard at work on needle work exhibits to compete with those that are to be sent in later from other parts of the state.

This department will receive special attention. This year there will be special demonstrations in the cookery and needle work departments and has been said, such prizes offered as will be well worth competing for.

A feature of the exposition department this fall will be a complete Wild West circus. This is not to be a side show but will be living illustration of life in the pioneer days of the west with real cowboys and Indians, more than fifty horses to say nothing of a herd of the wildest, meanest and most lively prehistoric ever corralled. This great attraction will be in the center of the padock inside the race course and promises to be one of the best strokes of business an Exposition has ever contracted for.

Resolved: That in the death of our brother this camp has sustained an irreparable loss, the cause of Woodcraft a tried friend and the home of Sister Marsh robbed of a precious jewel, and that to the entire family we offer our condolence.

Resolved: That in bowing to humble submission to the will of him who is too wise to err and too good to be unkind, we would say to all mourning friends, weep not as those who have no hope, "Blessed are those who die in the Lord."

Arm Cut By Gin.

Mr. Andrew Bowling had his arm cut in one of the Taylor Gin Company's gins Wednesday and the arm was so badly mutilated that it was necessary for physicians to amputate it at the elbow joint. The operation was performed by Drs. Bradley and Coston.

Mr. Bowling has been working on the gins at this ginery for several days and was making some repairs at the time the accident happened. His sleeve was caught by some bit and his arm jerked on the saws.

The accident is particularly unfortunate for Mr. Bowling as he had lost one of his legs some time before, and now he is doubly a cripple.

We understand he is now doing as well as could be expected, and will recover from the wound.

A Reliable Medicine—Not A Narcotic.
Mrs. F. M. St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." Boll Weevil In Alabama.

The boll weevil has been discovered in Mobile county Alabama, by government experts. The weevil was discovered about six miles from the state line of Mississippi yesterday, by men who were on a hunt for them. It is said that they can do no damage this year as cotton is too far advanced, but the weevil has been more months to work and spread in.
